

Job Opportunity Video Editor

February, 2011

Attention: Future Graduates of Visual Communications Program!

This is a great opportunity for the right candidate. If you are a self-starter, have an outgoing personality, and are willing to put in the extra work to grow in your job we want to meet you!

Job Responsibilities:

- Work directly with internal producers as well as advertising agency and corporate clients on various projects for broadcast commercials, corporate videos, and web-based projects.
- Create innovative messages to communicate a wide range of topics with a vast array of complexities and budgets for both commercial and corporate purposes.

Skills Needed:

- Ability to work both independently and in collaboration with others on the creative team to create and execute motion graphics.
- Possess working knowledge of various compression schemes for multiple applications including web-based video, DVD, and archiving.
- Able to perform other general editing and creative tasks as they arise for production and edit related projects on an as-needed basis.

Additional Skills Desired:

- Knowledge of Final Cut Pro, Avid editing systems
- Strong working knowledge of After Effects, Photoshop and color correction
- OR... willingness to learn the above in a timely fashion
- A strong graphic design background is a plus!

Reports Directly to: Vice President

The PPS Group

The PPS Group is a 30-year-old communications company that operates out of a beautifully restored warehouse in Covington, KY . With 30+ employees we have remained an industry leader in the southern Ohio market in producing high-quality commercial film and HD video production, post production, special effects, animation and video archiving.
